

Welcome To Angle

Re-imagining the health insurance experience

Born out of frustration from the personal healthcare experiences of our team, we founded Angle Health to bring a truly technology-enabled solution to health insurance. One where members don't have to spend hours navigating the complex maze of health systems and left to "figure out" their health insurance in order to access the right care.

Our health plans are built for the digital-forward employee, and designed with the "whole person" in mind which doesn't require a PhD in health insurance to understand.

Our fully digital platform delivers a personalized member experience that centers around ease of use, personalization, and better access to care.

We take the burden off the member in navigating the healthcare system.

Our Vision & Values

Bring transparency, simplicity, and humanity to healthcare so that people can live their best lives.

Member First	Lead With Empathy	Innovate
Our team strives to build the Angle experience around the true needs of the member before anything else.	Every product and service we build starts by looking at a problem with empathy. Because every stakeholder's needs are unique.	Our goal is to build the healthcare tools of the future without the legacy standards that limit our ability to innovate.

Our Investors

Angle Health is backed by top healthcare and technology investors with billions of dollars in assets under management and a consistent track record of success.
